

**Need advice on accessible  
transport in London?**

**Call Transport for All's helpline**

**020 7737 2339**

Call our helpline for the best accessible route to get to the **London 2012 Games**, or how to avoid the disruption this summer.

We can advise disabled and older people about parking and avoiding the road closures. We know which stations should be avoided and at what times, as well as where you should be able to find assistance.

If you don't have access to the internet, we can find information for you.

Our helpline is open Monday to Friday, from 10am - 5pm
